TRAINING STAFF QUALIFICATIONS

All our Aged Care Training Staff possess experience in the Aged Care Industry along with nationally recognised training qualifications.

Your Trainers have worked in the aged care industry and have first hand knowledge of what you can expect when you start work.

The Health Services Manager responsible for coordinating this training has many years experience in the nursing industry as a Registered Nurse and was Principal Nurse Manager of a large city Aged Care facility.

COURSE STRUCTURE

The course consists of ten core units of competency together with four elective units.

Course content is discussed and confirmed with each student prior to enrolment.

Training generally consists of one day per week for 14 weeks with some work to be completed in the student's own time and in an aged care facility.

We are flexible and can custom design a training course for corporate clients.
