

Drug and Alcohol Screening

30681QLD

COURSE IN DRUG AND ALCOHOL SCREENING

Developed in consultation with industry our training course in Drug and Alcohol Screening was designed to meet the 2008 requirements under Standards Australian for Drug and Alcohol Screening procedures. On completion of the training students will qualify as an accredited "Collector" or "Collector and Technician" under the 2008 Australian and New Zealand Standards.

The course qualification is valid throughout Australia.

Employment information

The training package has been specifically designed for persons who are employed in the field of drug and alcohol screening and who wish to obtain a nationally recognised qualification. It is also helpful for persons wishing to learn more about drug and alcohol screening or who wish to obtain employment in the industry.

Employment pathways include working in drug and alcohol screening at mine sites, transport industries, large industrial sites and other workplaces or environments where the need for drug and alcohol screening has been identified as a Workplace Health and Safety requirement.

General information

In order to comply with Australian Standards "Collectors" and "Testers" are required to possess a Certificate of Attainment in accordance with the Australian Quality Training Framework. Our training will ensure you or your staff meet the Australian/New Zealand Standards AS/NZS 4308:2008 and AS 4760-2006.

This is a one day training course delivered Australia wide.

Morrissey Group Training Staff

Collectively our Trainers have experience in conducting drug and alcohol screening in a variety of environments. These include mine sites, industrial centres, prisons, medical centres & hospitals. This collective knowledge is shared amongst the trainers to ensure we are able to cover all facets of Drug and Alcohol Screening.

Their extensive knowledge and experience in conducting drug and alcohol screening across various industries, enables us to give you a superior level of training.
